Re: Modification to Parklet

Dear President and Members of the Council,

I have a request to modify the beginning point of the parklet in front of Leallo located at 15 State Street by reducing the parklet in the amount of 9 – 12 feet. This area currently allows tables associated with Brine Restaurant located at 17 State Street.

This adjustment is the request of Chris Skiba of New England Development who is the landlord for both Brine Restaurant at 17 State Street and Leallo at 15 State Street.
